

# Covid-19 Communication

The **safety** of our patients, employees, doctors and community members is our priority.

Our staff and facilities are **prepared** for the COVID-19 outbreak.

Our procedures are aligned with the **NICD guidelines**.

## What is Coronavirus (COVID-19)

*It is a respiratory illness that can spread from person to person*

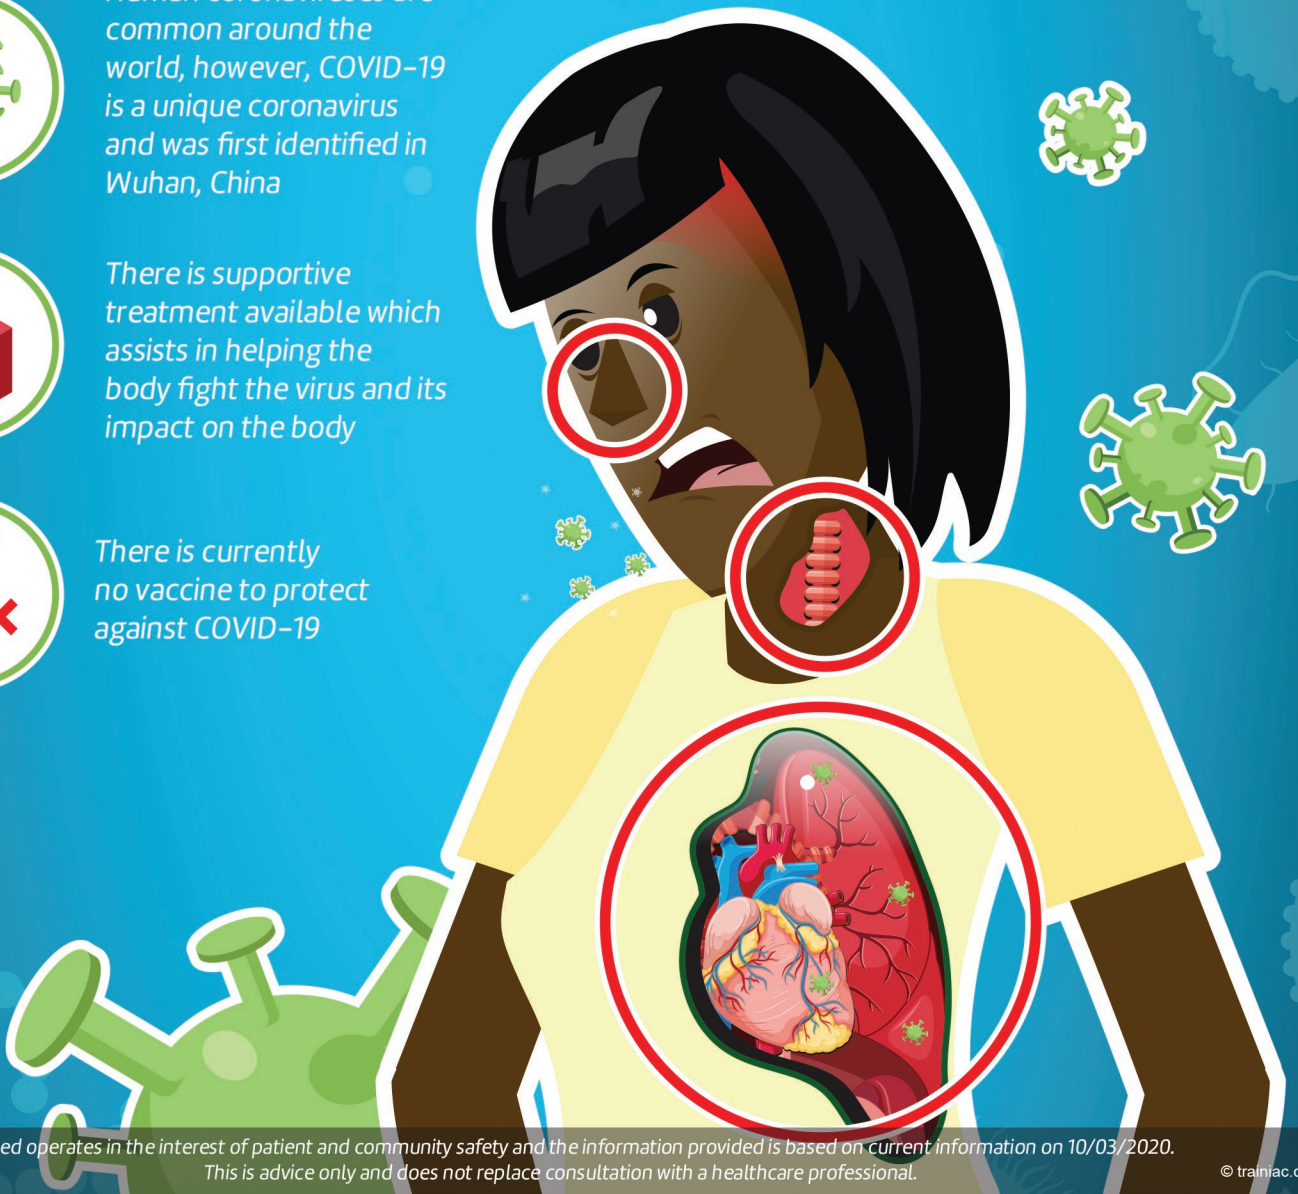

*Human coronaviruses are common around the world, however, COVID-19 is a unique coronavirus and was first identified in Wuhan, China*

*There is supportive treatment available which assists in helping the body fight the virus and its impact on the body*

*There is currently no vaccine to protect against COVID-19*

*Lenmed operates in the interest of patient and community safety and the information provided is based on current information on 10/03/2020. This is advice only and does not replace consultation with a healthcare professional.*
