

# Nursing Services Manager – Lenmed Shifa Hospital

The Group is committed to creating places of healing for their communities, focused on attracting the best expertise and dedicated to building a steadfast, devoted team.

## Role Summary:

The Nursing Manager will be responsible for the overall nursing management of the hospital. This includes the co-ordination of all functions and activities related to the provision, promotion and assurance of clinical patient care, via the leadership of a multidisciplinary team in consultation with all relevant stakeholders.

## Key Work Outputs and Accountabilities :

- Ensure that you provide safe, cost effective quality patient care in line with the clinical governance strategy of Lenmed / hospital and evidence based practice
- Evaluate nursing quality indicators and clinical outcomes
- Promote health and wellbeing of patients and employees
- Ensure the principles of infection prevention and all international standard precautions are adhered to
- Implement group quality initiatives
- Promote customer satisfaction within the hospital (CRM), address customer complaints, conduct quality care rounds and clinical practice audits to monitor care levels and report accordingly
- Ensure 100 % reporting of all incidents and alerts
- Investigate and Report all incidents as per Lenmed / Hospital policy

## Inherent Requirements:

- A relevant nursing qualification ( B Cur Degree/ or relevant management and ICU qualification)
- Registration with the South African Nursing Council as a Registered Nurse
- Compliance with the SANC code for a Registered Nurse and all applicable health care legislations
- An intermediate level of Computer proficiency
- Ensure Clinical Expertise within your specialty
- Advanced Computer Literacy
