

Lenmed is fully operational!

The **safety precautions** implemented at the Lenmed hospitals, as well as the **knowledge gained** over the past few months have resulted in our facilities being some of **the safest places** to be during a pandemic.

LENMED HOSPITALS ARE:

RESPONSIBLY
fully operational

PREPARED
to safely treat
all medical
and surgical
conditions

VIGILANT
All safety
protocols are
in place

We have **numerous** safety precautions in place:

STRICT SCREENING PROTOCOLS

for everyone who enters the building

RESTRICTIONS

on the amount of people entering the building, including suppliers and unfortunately visitors

ENFORCED MASKING, HAND HYGIENE AND SOCIAL DISTANCING

EXPERIENCED DOCTORS AND NURSES who fully understand the requirements when treating both COVID-19 and non-COVID-19 patients

SUFFICIENT AND APPROPRIATE PPE

which is carefully monitored, especially during donning and doffing

CAREFULLY DEMARCATED AND ISOLATED UNITS for COVID-19 patients monitored by robust security and infection prevention teams

INTENSE CLEANING AND HYGIENE REGIMENS

EASED VISITATION

Maternity: Birthing partner permitted. **Paediatrics:** One parent/guardian permitted. This will be eased as the risk lowers

The **safety** of our patients, employees, doctors and community members is our **collective priority** and **responsibility**.
